

Comments on the SFY 2012-2015 TIP:

"The City of Shaker Heights is a co-sponsor of the Warrensville / Van Aken (WVA) Intersection Reconfiguration Project: PID 85207-CUY US42208-88. We have reviewed the SFY 2012-2015 TIP regarding the WVA project.

SFY 2012 lists \$2.9M for the right-of-way acquisition and this meets our project schedule. However, construction is now listed in SFY 2015. We request that the \$4.1M for construction be moved to SFY 2013 in order to meet our project schedule. It is important that the intersection reconfiguration proceed so that private development can follow closely after construction.

Thank you for your consideration of this request." - *City of Shaker Heights*
