The purpose of this correspondence is to inform you of a technical amendment involving a project in the SFY 2008 – 2011 Transportation Improvement Program (TIP), dated May 11, 2007. The project needs to be amended to TIP to ensure the sponsor will be able to obtain federal authorization as needed. The project is as follows:

GEA PAVEMENT MARKINGS # 5: PID No. 82655 – This project was processed and amended to the Transportation Improvement Program (TIP) on September 14, 2007 (Resolution No. 2007-033). The project involves the application of polyester pavement markings to various county highways and township roads in Geauga County. The project was programmed and implemented as three separate projects (i.e. GEA PAVEMENT MARKINGS # 3: PID No. 82653, # 4: PID No. 82654 and # 5: PID No. 82655) in SFY 2010, 2011 and SFY 2012, respectively. GEA PAVEMENT MARKINGS # 5 was originally scheduled for SFY 2012. As such it has not yet been amended to the STIP. Typically, projects that are listed in a year outside the four fiscally constrained years 2008 – 2011 of the TIP aren't amended to the STIP. The sponsor (Gauga County Engineer) informed us they are ready to file plans, but the project isn't on the STIP.

On behalf of the sponsor, NOACA requests that this project be amended to the TIP in SFY 2010.

Attached is the technical amendment sheet portraying the project in the appropriate year.

Please incorporate this technical amendment into the next STIP amendment as well as ellis as appropriate to enable the sponsor to access funding as needed.

Please contact me if you have any questions.
