**GREATER CLEVELAND REGIONAL TRANSIT AUTHORITY
FFY 2008 TIP Administrative Amendment
PROJECT DESCRIPTION**

Section 5307 Capital and Congestion, Mitigation and Air Quality

Bus Improvement Program - GCRTA's 2007-2008 Bus Improvement Program (BIP) calls for 20 articulated replacement vehicles for GCRTA's fixed route service and 8 replacement vehicles for the GCRTA's circulator bus service. These vehicles will replace buses that have exceeded their useful life. At the end of the 4th Quarter of CY 2007, the Authority had an active fleet of 606 fixed route buses with a peak vehicle requirement of 505 buses. This resulted in a 20% spare factor. The average age of the fixed route fleet was 5.8 years, with the oldest bus being 10.5 years old. To date, 100 percent of GCRTA's fleet of buses is compliant with the Americans with Disabilities Act (ADA).
