The purpose of this correspondence is to inform you of a technical amendment to the SFY 2008 – 2011 Transportation Improvement Program (TIP), dated May 11, 2007, involving the following projects:

CUY US 6-12.26/12.66: PID No. 86478 – This project involves tunnel improvements to the West 76th Street tunnel under the NS railroad tracks and West Shoreway (US 6) and the Lake Avenue tunnel under the West Shoreway east of Clifton Boulevard. The City of Cleveland is the project sponsor. This project was generated from the CUY US006-12.20 Project: PID No. 77330, listed on page 51 of the TIP. ODOT District 12 has requested a preliminary engineering (PE) phase be included in FY 2010 at a cost of \$329,689. This will allow the project sponsor access to federal funds to begin preliminary engineering work. Eighty percent of the project cost will be funded with State Surface Transportation Program (S/STP) funds. The remaining twenty percent of the project cost will be funded with State funds.

CUY/LAK IR 271X-06.40/00.00: PID No. 22211 – This project was amended to the TIP via Resolution No. 2007-043. ODOT District 12 is the project sponsor. This project as portrayed in Resolution No. 2007-043 involves mill and fill on the IR 271 express lanes, from SR 175 (Richmond Rd) in Cuyahoga County to just north of IR 90 in Lake County. This project is to be split into two separate projects:

- **CUY IR 271X-05.95: PID No. 22211** – This project involves minor rehabilitation on the IR 271 express lanes from IR 480N to US 322 (Mayfield Rd). The estimated construction cost of the project is \$6,800,000. Ninety percent of the project cost will be funded with Interstate Maintenance funds. The remaining ten percent of the project cost will be funded with State funds.
- **CUY/LAK IR 271X-11.89/00.00: PID No. 86784** – This project involves mill and fill on the IR 271 express lanes from the bridges over US 322 (Mayfield Rd) to the Highland Heights/Mayfield Corporation Line and the Cuyahoga/ Lake County Line to the old weigh station northeast of SR 91 (SOM Center Rd). The estimated construction cost of the project is \$6,600,000. Ninety percent of the project cost will be funded with Interstate Maintenance funds. The remaining ten percent of the project cost will be funded with State funds.

September 23, 2009

CUY SRTS FY2009 CLE3: PID No. 85306 – This project includes 40 countdown pedestrian crossing signals and the construction of 86 curb ramps within a mile radius of the Louisa May Alcott, Willow and Stockyard Community Schools, in the City of Cleveland. The City of Cleveland is the project sponsor. This project is being funded through STT SAFE ROUTES TO SCHOOL PROGRAM line item, listed on page 119 of the TIP.

Attached is a technical amendment sheet portraying the projects in SFY their respective years.

Please incorporate this technical amendment into the October STIP amendment as well as Ellis as appropriate to enable the sponsors to access funding as needed.

Please contact me if you have any questions.
