● **Comments:**

The purpose of this correspondence is to inform you of a technical amendment to NOACA's SFY 2012 – 2015 Transportation Improvement Program (TIP), involving the following projects:

The following two projects are being combined into one project:

- **CUY TRISKETT RD / WARREN RD: PID No. 91034** – This project involves roadway improvements along Triskett Road, from Lorain Avenue to West 140th Street, in Cleveland. The project was amended via Resolution 2012-033 to also include Warren Road, from Munn Road to Lorain Road. The construction (C) phase is listed in SFY 2014 at a cost of \$4,598,000, of which \$3,678,400 is being funded with NOACA Surface Transportation Program (STP) funds.
- **CUY TRISKETT RD: PID No. 91035** – This project is listed on page 58 of the TIP. The project involves roadway improvements along Triskett Road, from West 140th Street to West 117th Street, in Cleveland. The project C phase was previously listed in SFY 2013 of the TIP at a cost of \$2,464,000, of which \$1,971,200 is being funded with NOACA Surface Transportation Program (STP) funds.

The above projects are being combined into the following project:

- **CUY TRISKETT RD / WARREN RD: PID No. 91034** – The project involves roadway improvements along Triskett Road, from Lorain Avenue to West 117th Street and Warren Road, from Munn Road to Lorain Road, in Cleveland. The (C) phase is \$7,062,000, of which \$5,649,600 is being funded with NOACA Surface Transportation Program (STP) funds. The project was moved to SFY 2014, via Resolution 2012-033. The remaining \$1,412,400 of the C phase will be funded with local funds.

CUY LAKEFRONT WEST RAMPS: PID No. 86480 – This project is listed on page 47 of the NOACA TIP. The project involves the realignment of the Main Ave Bridge westbound exit ramp to the south and reconstruction of West Shoreway West 45th Street ramps to accommodate the West 28th Street traffic, in Cleveland. A right of way (RW) phase has been added to the project in SFY 2013 at an estimated cost of \$169,918.

September 5, 2012

CUY SR 002 - 14.41 STEEL: PID No. 91115 – The construction cost of this project has been reduced to \$6,370,000 as a result of a related, expedited gusset plate project (CUY SR002 –14.41 GUSSET PLATES: PID No. 93980), which was split from PID No. 91115 and included in a technical amendment, dated August 23, 2012.

CUY SR 002 –14.41 BRIDGE REPAIR: PID No. 93980 – This project, previously included in a technical amendment as CUY SR 002 –14.41 GUSSET PLATE, dated August 23, 2012, is being modified to reflect the reduction in the construction cost estimate, from \$3,630,000 to \$660,000.

CUY IR 77 - 13.31: PID No. 85188 – This project is listed on page 74 of the NOACA TIP. The project involves repairing a bridge on IR-77, over Industrial Drive, in Cleveland. The construction (C) phase is listed in SFY 2015 at a cost of \$2,300,000. The C cost has increased from \$2,300,000 to \$3,850,000.

CUY IR 90 - 22.60/VAR: PID No. 83500 – This project is listed on page 82 of the NOACA TIP. The project involves the replacement of bridge decks on the Eddy Road interchange bridges at IR-90, in Cleveland. The construction (C) phase is listed in SFY 2014 at a cost of \$6,960,000. The C cost has increased from \$6,960,000 to \$9,900,000.

Attached is the technical amendment sheet portraying the projects at the respective costs and in the appropriate years.

Please incorporate this technical amendment into the STIP as well as ellis as appropriate to enable the sponsors to access funding as needed.

Please contact me if you have any questions.
