● **Comments:**

The purpose of this correspondence is to inform you of a technical amendment to NOACA's SFY 2012 – 2015 Transportation Improvement Program (TIP), involving the following projects:

CUY GREENWAY TRAIL: PID No. 89721 - This project is listed on page 40 of the TIP in SFY 2014 at a total cost of \$985,095. The project involves the construction of an all purpose trail, between Wilson Mills and White Rd, in Mayfield Village. The project scope has been revised, increasing the total project cost to \$1,083,201. Per the sponsor's request, the Regional Transportation Investment Subcommittee (RTIS) recommended to increase the amount of 4TC7 (E/STP-M) funds for the project by \$266,561, from \$600,000 to \$866,561. The project will remain in SFY 2014.

CUY GCRTA AIRPORT TUNNEL REHABILITATION CONSTRUCTION: PID No. 93217 - This project was amended (modified) in the TIP via Resolution 2012-039. NOACA understands that the ODOT Office of Transit has awarded GCRTA additional funding for the Airport Tunnel project that has closed the funding gap for the project. GCRTA is requesting that it be added to the TIP/STIP. In its FFY 2010 Grant program GCRTA included in the project as a contingency project with total funding of \$5,000,000 if funding became available. The ODOT Office of Transit is using ODOT STP funds in the amount of \$2,080,000 STP, \$520,000 local GCRTA match for a total of \$2,600,000 which GCRTA wants to move from its previous contingency (transit plan) to the TIP/STIP. They have assigned this funding PID No. 93217. Existing funding for the Airport Tunnel is contained in the old and new TIP/STIP with numbers T-2255 and PID 92670.

LOR COWLEY RD (CR 59): PID No. 79842 - This project is listed on page 118 of the TIP in SFY 2013 at a total cost of \$2,261,952. The project involves the resurfacing and lane widening on Cowley Road, from Crocker Road to SR-82, in Elyria. Per the sponsor's request, the RTIS recommended to reduce the amount of 4TA7 (STP) funds for the project by \$100,000, from \$2,261,952 to \$2,161,952. The project has also moved to SFY 2014.

September 21, 2012

LOR LAGRANGE RD: PID No. 83096 - This project is listed on page 130 of the TIP in SFY 2013 at a total cost of \$236,775. The project involves the resurfacing and lane widening on LaGrange Road, from US 20 to Oberlin Elyria Road, in Carlisle Township. Per the sponsor's request, the RTIS recommended to increase the amount of 4TA7 (STP) funds for the project by \$100,000, from \$189,420, to \$289,420. The project has also moved to SFY 2014.

MED SR 57-17.67: PID No. 92691 – This project involves the construction of a roundabout at the intersection of SR-57 and SR-252 in York Township. The project was amended to the NOACA TIP on June 8, 2012 (via Resolution No. 2012-030). NOACA understands that, due to front loading some activities into the preliminary engineering phase (PE) phase, the funding structure of the project has been modified.

Attached is the technical amendment sheet portraying the projects and associated costs and in the appropriate years.

Please incorporate this technical amendment into the STIP as well as ellis as appropriate to enable the sponsors to access funding as needed.

Please contact me if you have any questions.
