● Comments:

The purpose of this correspondence is to inform you of a technical amendment to NOACA's SFY 2012 – 2015 Transportation Improvement Program (TIP), involving the following projects:

CUY BROOKLYN SRTS: PID No. 93610 – This project involves implementing a Safe Routes to School Program for Brooklyn Elementary School and Brooklyn Middle School, in Brooklyn. The project includes sidewalks & pedestrian paths, crosswalks, traffic control (in and around school zone), improving school zone and crosswalk signage and improving traffic circulation at drop-off/pick-up zones. The project's preliminary engineering preliminary development (PEPD) phase is being added to SFY 2013. PEPD needs to be included in the current TIP as a statewide (STW) line item is no longer available.

CUY EAST CLEVELAND SRTS: PID No. 93609 – This project involves implementing a Safe Routes to School Program for East Cleveland Elementary Schools, in East Cleveland. The project includes sidewalks & pedestrian paths, crosswalks, traffic control (in and around school zone), improving school zone and crosswalk signage and improving traffic circulation at drop-off/pick-up zones. The project's preliminary engineering preliminary development (PEPD) phase is being added to SFY 2013. PEPD needs to be included in the current TIP as a statewide (STW) line item is no longer available.

CUY SNOWVILLE RD: PID NO. 94456 - This project involves the replacement of an existing twin 5-foot round corrugated metal pipe culvert which has failed with a 12' x 5' concrete box culvert and connection to the existing 12' x 5' concrete box culvert that runs underneath Snowville Road. The project was amended to the SFY 2012 – 2015 TIP, in SFY 2014, on March 8, 2013 via Resolution No. 2013-006. The project is being advanced to SFY 2013.

LAK PAINESVILLE TWP SRTS: PID No. 93611 – This project involves implementing a Safe Routes to School Program for Buckeye, Hadden, Hale, Madison Elementary Schools in Riverside School District Painesville Township. The project includes sidewalks, curb ramps, school flashers, signage, pavement markings and bike racks. The project's preliminary engineering preliminary development (PEPD) phase is being added to SFY 2013. PEPD needs to be included in the current TIP as a statewide (STW) line item is no longer available.

March 25, 2013

CUY GCRTA BUS CAMERA SYSTEM: PID No. 95612 – This project was included as a contingency project in GCRTA's FY 2013 capital program approved by the NOACA Governing Board on March 8, 2013 via Resolution No. 2013-006. GCRTA wants to include the Bus Camera System project (ALI 11.12.40) in the April STIP amendment with ODOT STP funds obtained through the Ohio Transit Preservation Partnership Program (OTPPP). Instead of a local match GCRTA will be using Transportation Development Credits (formerly known as toll revenue credit) in the amount of \$210,000. Since these are credits the total amount of the project will be \$1,890,000.

Attached is the technical amendment sheet portraying the projects, their respective costs and in the appropriate years.

Please incorporate this technical amendment into the STIP as well as ellis as appropriate so that funding can be accessed as needed.

Please contact me if you have any questions.
