● **Comments:**

The purpose of this correspondence is to inform you of an amendment to the NOACA SFY 2018 – 2021 Transportation Improvement Program (TIP), June 2017 involving the following project.

- **LOR BLACK RIVER TRAIL (PHASE 3): PID No. 92505** – This project is listed on page 50 of the NOACA TIP.

The project is being split as follows:

- **LOR BLACK RIVER TRAIL (PHASE 3A): PID No. 92505** - Construct an all-purpose trail, from Colorado Avenue, through wooded lot and along existing railroad bed, past River Bend Drive, along the south side of River Industrial Park Road to 0.03 mile south of River Industrial Park Road (to Phase 3B), in Lorain;
- **LOR BLACK RIVER TRAIL (PHASE 3B): PID No. 105005** - Construct an all-purpose trail, from 0.03 mile south of River Industrial Drive, following along existing railroad bed, past Root Road to Colorado Avenue, in Lorain and Sheffield Village.

Attached is the technical amendment sheet portraying the projects in the appropriate years.

Please note the amount of Congestion Mitigation Air Quality (CMAQ) funds committed to the original project is \$1,200,000. Although the project is being split into two phases, the total amount of CMAQ funds programmed for phases 3A and 3B, combined, cannot exceed \$1,200,000.

Please incorporate this technical amendment into the next STIP amendment as well as ellis as appropriate to enable the sponsor to access funding as needed.

Please contact me if you have any questions.
