NOACA is accepting applications for transportation projects that:

**IMPROVE LIVABILITY**

**PROVIDE MORE TRAVEL OPTIONS**

**ENHANCE REGIONAL COHESION**

The Transportation for Livable Communities Initiative (TLCI) program focuses on multimodal transportation planning studies and implementation/construction of recommendations from those studies.

- Planning awards help fund planning studies that can lead to improvements to transportation systems and the communities they support.
- Implementation awards help communities move forward with the development and installation of infrastructure from past completed livability studies. Project sponsors are encouraged to submit minimum implementation requests of $100,000.

**Common Project Types**

- Community/Corridor Transportation Planning and Traffic Engineering Studies
- Access and Mobility analysis
- Bike lane striping, crosswalks
- Road diets
- Transit waiting environments
- Wayfinding signage
- Streetscape environments, curb bump-outs
- Multi-purpose trails

**Eligible Organizations**

- Political jurisdictions
- Transit agencies
- Park systems
- Port authorities
- Entities ineligible to apply (such as nonprofits & advocacy agencies) are encouraged to partner with a relevant eligible applicant.

Applications are due October 16, 2020 at 12 p.m. EST

For planning study and implementation applications and more information, go to: NOACA.org/TLCI.
